3. I reviewed with [REDACTED] the necessary memorandum for the Director's signature to bring our Executive and Scientific Pay Scales into line with the Federal Executive Salary Act of 1964 as well as a letter from the Director to the Bureau of the Budget advising them of the action which he has taken regarding the Executive Pay Scale. All these papers were delivered to Mr. Kirkpatrick with a request that he obtain the Director's signature not later than the date the President actually signs the pay bill, which is now anticipated for Friday, 8 August. Unfortunately, the pay bill as passed does not provide for retroactive pay for CIA employees. An effort is being made to accomplish this by tacking a rider on some other bill before Congress adjourns.

4. I met with [REDACTED] Emmett Echols, and [REDACTED] to discuss the [REDACTED] case further. John received a letter from Senator Symington indicating that he would like us to offer [REDACTED] some non-JOT assignment. I agreed that this was entirely consistent with Mr. McCone's instructions to me and that we should proceed along these lines. If [REDACTED] is interested, he should be brought to Washington for a complete medical examination and polygraph interview. We should also explain to him exactly what type of job he would have so that we make sure he really wants to join CIA.
